

LOCAZ

Launch version of your booking platform

Your own web app: booking site, admin back office and Contrazy connection

Prepared for

Aziz LANDRI, LOCAZ

Prepared by

Shakil Khan

Based on

PRD v1.1 (1 October 2026)

Date

October 2026

WHAT'S INCLUDED

The launch version: everything needed to take real bookings without RentHub

Admin back office

For you and your team

- Company settings, users and roles
- Places and opening hours
- Categories, models, vehicles
- All pricing: daily weekday and weekend, hourly, week and month packages, km included and extra km, options, one-way fees
- Fleet calendar (planning)
- Manual bookings by phone
- Customers and blacklist
- Import of your RentHub data

Booking site

locaz.co/booking — mobile first

- Search with dates first
- Results with the total price, best price chosen automatically
- Options and protection (Standard / Comfort / 0 Franchise)
- Full price summary, deposit and cancellation rules
- Account created only at checkout
- Customer area: bookings, documents, contract
- Email confirmations and reminders

Contrazy connection

Already built, connected to LOCAZ

- Identity check with selfie
- Driving licence, ID, proof of address
- Rental contract and e-signature
- Online payment (your Stripe account)
- Deposit on the customer's card
- Pickup and return check: photos, km, fuel
- Disputes with evidence

HOW IT WORKS FOR YOUR CUSTOMER

From search to return, 100% on the phone

1

Search

Place, dates and times. No account needed to browse.

2

Choose

Vehicle, options and protection. Price updates live.

3

Account

Created only when the customer decides to book.

4

Verify & sign

Licence, ID, selfie, then the contract signed on the phone.

5

Pay

Rental paid online; deposit held on the card.

6

Pickup check

Photos, km and fuel before taking the vehicle.

7

Return check

Photos, km and fuel; extra km, fuel and late fees calculated.

8

Closed

Final receipt, deposit released. Everything visible in your admin.

■ LOCAZ platform ■ Contrazy

INVESTMENT

One fixed price, and the app is yours

3,000 USD

Fixed price for the launch version · 100% upfront by payment link

- Your own custom web app, for life
- Code and data 100% yours
- No subscription and no licence fee
- Demo at each step

✓ Included

- Everything on page 2: admin, booking site, Contrazy connection
- Import of your RentHub data (fleet, prices, settings)
- Setup of locaz.co/booking on your domain
- Launch support and bug fixes for the delivered scope

✗ Not included

- Phase 2 features (page 6)
- Native mobile app (iOS / Android)
- Third-party costs paid directly by LOCAZ: Stripe fees, hosting (Vercel, database, Cloudinary, Resend), device hardware and subscriptions

Subscription tool vs your own platform

	Subscription tool (RentHub, Fleetee...)	Your own LOCAZ platform
Cost	Pays every month, forever. Price rises with the fleet (e.g. Fleetee Full: 97 € HT/month under 20 vehicles)	3,000 USD once, then hosting costs only
Ownership	Your data and booking flow stay on their platform	Code and data 100% yours
Your booking flow	Only what the tool allows	Built around your flow: account only at checkout, your rules, your pricing
Contrazy	Not connected	LOCAZ is Contrazy's first client: identity, contract, payment, deposit
Growth	Depends on their roadmap	Ready for devices, mobile app and new cities; an asset for your IT company

At Fleetee's entry price, 3,000 USD is about 2.5 years of subscription. After that, the subscription keeps running; your own app does not.

What comes after launch

Already designed in the PRD, so nothing needs to be rebuilt. Planned once LOCAZ is running, as a separate phase.

Keyless & tracking

- Lock / unlock key box
- GPS tracker: position, km, fuel
- Live fleet map, zone and late-return alerts

Payments & fines

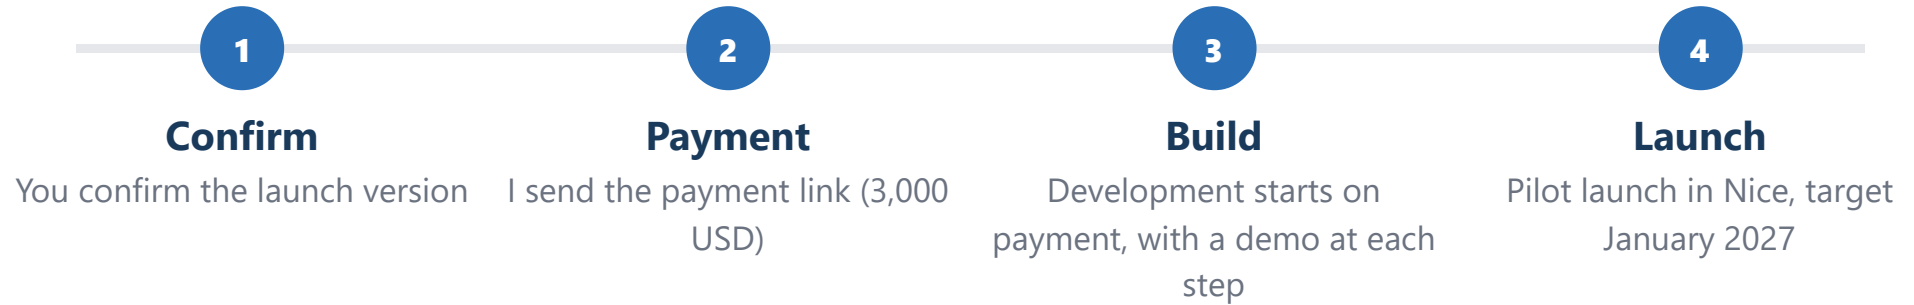

- 30-day deposit hold and automatic re-authorisation
- Saved card to charge fines and damages later
- ANTAI driver designation export

Growth tools

- Dynamic pricing and coupons
- "Request a quote" for professionals
- Reports, WhatsApp / SMS
- API documentation for the mobile app

NEXT STEPS

How we start

What I need from you to start

Stripe account for LOCAZ, registered as car rental

Domain access (GoDaddy) to set up locaz.co/booking

Final prices per category (you can also set them in the admin)

Updated CGV: fuel, protection names, licence 1 year

Once you confirm, I send the payment link, and work starts as soon as the payment is received.
